CRAZED BY HEAT MAN TOSSES BABIES

Lynn, Mass., July 31.—Crazed by the heat Joseph Masault created a panic among mothers and nursemaids on Lynn common yesterday by grasping their bables and hurling the screaming little ones high in the air and catching them as they came down. Before he could be got under control he had tossed several children into the air and sent women with baby carriages hurrying from the shade trees into the broiling sun.

NEW YORK BEER.

New York brews as good grade of medium strength beer as is made in the world. This country makes some of the worst rotgut guzzle and growler rinsings, as miserable, blear-eyed, trembling wastrels show. And who is to bleme for this kidney-killing graft?

(By Reginald Burton.)

New York, July 31.—This has been an eventful week in financial circles. The United States Sieel Corporation raised the dividend on its common stock to 3 per cent., Union Pacific sold at 2001-2 and New York Central crossed 139, a new high price for the year.

The increase in the steel dividend was warranted by the excellent earnings in the past quarter and the promise of net earnings of \$127,000,000 for the full year ending December 31. The demand for steel and iron products that the big makers have demanded a premium for early deliveries. A few weeks ago they would deliver early without demanding any extra price. The demand for steel especially has been so heavy that the Repubblic Iron & Steel Co. has decided that in the future it will make steel only and will manufacture no more iron.
